

THE GENERAL ASSEMBLY OF PENNSYLVANIA

SENATE BILL

NO. 3
Session of 2023

INTRODUCED BY _____ April 3, 2023

REFERRED TO SENATE ENVIRONMENTAL RESOURCES AND ENERGY COMMITTEE

Banning Gas Stoves

This legislation will phase out new gas stove manufacturing year by year and ban manufacturing of gas stoves by the year 2030.

- Pennsylvania manufacturers of gas stoves for commercial and industrial use are required to replace 10% of their new gas stove manufacturing output per year, with electric stoves until the year 2034;
- Gas stove manufacturers cannot produce new gas stoves from 2034 onward.
- Retail stores and vendors in Pennsylvania must pay an additional 5 percent tax on imported gas stoves meant for sale within Commonwealth borders; this tax is levied in addition to the standard “use tax” that applies to goods and services from out-of-state.

This act shall take effect beginning January 1, 2025.
